

ISO 14001

Certificate of Registration

conferred upon

Bath Iron Works General Dynamics Company

Locations as listed in Attachment

Scope of Registration: ship design, construction and repair activities at the Client's sites.

Having been examined in detail for conformance to the requirements of ISO 14001: 2004, and having been determined by Advanced Waste Management Systems, Incorporated, the Registrar, to be in conformance with all provisions of this international standard, the Environmental Management System of the organization is hereby registered to ISO 14001. The scope of this registration includes all operations and activities of the organization as specified above. The registration shall remain in effect until March 22, 2010, providing the organization maintains its Environmental Management System in accordance with the specifications of ISO 14001 and the requirements of the Registrar. Advanced Waste Management Systems is an "ANAB-ISO EMS Accredited Registrar."

In witness whereof this Certificate of Registration is granted and the Mark of Registration and our signatures are hereunto affixed.

Attested to this 22nd day of March 2007.
